## Autobiography Lesson 2: Map of My World

**Directions:** To draw a “map” of the things/people/events/places that made up your life, first pick a particular time in your life (first grade, early elementary, middle school...). To help you remember, think of answers to the following:

1. *Where did you live?*
2. *What did your house/room look like? What furniture was in it?*
3. *Did you have a yard? What did it look like?*
4. *Who else lived in your house at the time? Who shared your room?*
5. *Who lived next door?*
6. *What was your street like? What buildings and stores were on it?*
7. *Did you go/travel to other places during that time? Where did you go? Whom did you visit? What did you do?*

Your map may include your apartment building and/or a favorite place such as a playground, church, classroom, a friend's/relative's house, neighborhood hangout, etc. Be as detailed as possible in your map, as you will be writing an Autobiography piece about your maps.

*\* If you get stuck while drawing your map, refer to the list above for ideas.*
