### Desktop

Once you log in, the first thing you'll see is the **desktop**.

- The app launcher is a tool used to search, open apps, and navigate your computer and the Internet. When you click the magnifying glass icon, the app launcher will open. The app launcher gives you access to all of the apps on your Chromebook and the Files you have downloaded. Chromebooks are cloud-based, so most of the apps are really just bookmarks that lead to websites.
- > The **shelf** is where you will click on the chrome icon to launch the internet / Clever .

> Once in Clever, you will be able to see your Favorite resources, Teacher Pages, Links, and More apps.

The status tray shows you your battery level, network, and the time. Clicking here will bring up a menu with your volume, network/internet, and general Settings. Your wallpaper can be customize in
